Public Comment

Sam Raneri of 27 South 5th Street was present concerning parking issues on South 5th Street. He explained there is a handicap parking spot with faded blue markings and the line seems extremely long. There are cars that park in the spot that do not have a handicap placard displayed. There is an additional car that parks at the other end of the spot that never moves. He would like to know the legal length of the spot.

Public Safety Committee will look at the legal requirements for the handicap parking space.
